mean that Mr. Kearns is certainly very well liked and has made a very good impression, judging from what this Democrat has to say of the foe he so persistently fought at the polls four years ago. A great many others who opposed Senator Kearns in his first nomination have been won over into his ranks by the proficient manner in which he has handled the interests of the State of Utah.

While a great many think George Sutherland a very bright and energetic man, and a man who no doubt would fill with proficiency the position of Senator. Kearns as a representative of the material interests of the State. However, the Sutherland admirers announce that the self-ministent of the Democrats express their determination in American Fork they will help roll up a majority for Roosevelt. They claim that Parker will be no more or less than a Cleveland ruler and what that means every man and woman in this country well remembers. The newspaper reports have started some of the party leaders here discussing the action of Postmaster Clove of Provo and some of the other machine men who are operating in the interest of the Senator Smoot and George Sutherland clique.

While they may not exactly appreciate what their efforts are doing, it can be said here that the point they are very desirous of gaining is being lost in this neck of the woods. People who at one time favored some of the aspirants whom they were seeking to promote have consid

An enthusiastic primary was held at Gunnison last evening, perhaps the largest that was ever held there. The contest between the friends of H A. Kearns and those of C. M. Madsen was spirited, but the flight was entirely free frem bitterness, and the method of balloting employed was impartial. Clerks were appointed by the primary and each person voting stepped forward and gave his name and then deposited his ballot so that the exact will of the voters was registered. The test vote, showing the strength of the two candidates, showed the following result: H A. Kearns 113 votes and C. M. Madsen 70 votes. After the result was announced Kearns was made the unanimous choice of the primary.

The delegation is as follows: T. F. Kearns, W. H. Gribble, A. J. Robbins, A. Modeen, Austin Kearns, William Metcalf, Reuben Christenson, H. A. Kearns, Joseph J. Miller.

the Glasman forces last evening. The contest grew out of the attempt of Mayor William Glasmann to control the city and county preliminary to his contest for the Weber county legislative delecation. did the gubernatorial or judicial questions enter the contest although the primaries were called to elect delegates to the State and judicial conventions.

The battle was a display of Senatorial strength preliminary to the legislative contest to follow in a few weeks, and the Glasmann, anti-Kearns forces were defeated at every point.

Between 1700 and 2000 voters turned out to the primaries in the several wards in the city, and incomplete returns from the out-of-town districts show an equally crushing defeat for the Glasmann people. Weber county has forty-five delegates to the State convention. Twenty-seven of these are apportioned to the city of Ogden, being one delegate for each of the twenty-five districts and one each at large from the First and Fourth wards.

In the city the Kearns forces carried through their slates in every ward with the exception of one delegate in the First ward and one delegate who is not certain. In other words, the Kearns crowd defeated the Glasmann proposition in 25 out of 27 cases.

There were many political surprises, particularly in the Fourth ward, the largest in the city. There were fully 500 in attendance, and the majority for the Kearns ticket was from 200 to 225. Bishop Wade, manager of the Utah Light and Power company, was defeated in his own precinct, both for State and judical delegate, by a vote of 28 to 60. F. W. Chambers, City Councilman, a Glasmann leader was defeated by H. C. Wardielgh by a majority of 214. I. G. Clark and Angus T. Wright, two other prominent Republicans of that ward, who have probably sat in every delegation from that ward since 1856, were relegated to the rear. In the Twenty-first precinct of the Fifth ward Postmaster Davis was elected over V. C. Gunnell by the narrow margin of three votes, and in the same ward, Twenty-fifth precinct. Fred Dalton was defeated by Prank Steel by the same number.

In the Fifteenth district, Fourth ward, Rudolph Kuchler, a Kearns man, defeated L. B. Balch, Street Supervisor. In this contest the Kuchler forces were so

Politicians sum the situation up thus: "A monumental defeat for the anti-Kearns combination."
Out of the contest, while as heretofore reported it did not enter the fight in a primary way, Rudolph Kuchler will be elected a member of the State committee and Robert A. Moyes will probably receive strong support from the delegation for State Treasurer, as will Judge Howell for District Judge.

The Wells supporters are claiming tonight that he will have the Weber delegation practically solid.
